Everything DiSC Workplace® delivers a comprehensive, easily customizable workplace development solution to engage every employee—regardless of title or position, department or function—in building more productive and effective relationships at work.

Combining facilitated classroom training with online pre-work and follow-up tools, we help participants understand and appreciate the different priorities, preferences, and values each individual brings to the workplace, and how they can learn to adapt to the styles of others.

Participant Take-Aways

1. Discover their own DiSC® style: recognize the priorities, motivators, and stress triggers that shape their workplace experience
2. Explore other styles: understand the differences and similarities among the DiSC® styles
3. Identify strategies to make more meaningful connections with colleagues with various styles and work more effectively to reduce tension, solve problems, and contribute positively to their organizations
